Status: Completed

1.G.6. Explorer Post Liaison

Status: Completed

1.G.7. EMS Week Coordinator

Status: Completed

2. Unfinished business

3. New business

3.A. PROPOSAL to charter a Rescue Council Next Generation Standardized Medical Jump Bag Committee

Whereas:

- There is still an opportunity to reduce the number of common medical jump bag solutions in the Virginia Beach Emergency Response System from three (ambulance, zone car, and fire department) to one, and doing so will improve patient care;
- There are opportunities to substantially reduce the cost, weight, complexity, and procurement limitations of the current "standardized ambulance jump bag";

Therefore, we:

1. Establish a Rescue Council *Next Generation Standardized Medical Jump Bag Committee* whose charter shall be to:

1. First, secure official commitments from each rescue squad, from the Virginia Beach EMS Department, and from the Virginia Beach Fire Department to join together in good faith to select a Standardized Medical Jump Bag to use going forward.
2. Then, to review medical jump bag solutions currently in use in our system, review other off-the-shelf mass-produced medical jump bag solutions currently available in the market, and select one make/model/configuration that will be operationally and economically sustainable as the Standardized Medical Jump Bag for general use on ambulances, zone cars, engines, ladders, and fire-rescues going forward.
3. To report its findings to Rescue Council, which upon approval shall report the findings to each Rescue Squad, to the EMS Chief, and to the Fire Chief.

2. Direct the Rescue Council President to nominate an individual to chair this committee, to be approved by Rescue Council.

MOTION DEFEATED.

Status: Completed

3.B. PROPOSAL to place Best Practices sessions on the agenda

Subject: Agenda Item

Date: Mon, 27 Jun 2016 17:46:01 +0000
From: David Coulling Admin

I would like to add an agenda item for the next meeting of 15 minutes and then to each of the meetings afterwards (if all agrees) to pick a topic of "Best Practices" for each meeting and then to have a round table discussion about what each squad does good or bad.

First meeting would be to talk about it and then to pick a topic for the next meeting. At each meeting a topic would be picked for the next meeting so everyone will have time to prepare.

Thanks,

David Coulling

david.coulling@pachvrs.org

MOTION CARRIED.

Status: Completed

3.C. Next BEST PRACTICES discussion

Procurement of supplies

Status: Parked

4. Closing business

4.A. Station reports

Secretary Lipscomb asked that the Squads share with RC what they plan to ask for from RSAF grants so that an attempt may be made to ensure that the regional TEM's grant committee does not view individual applications as a duplication in local requests.

Status: Completed

4.B. Date Next Meeting

Status: Completed
